Supporter No : C-0253025

Dear Daniel

Thank you so much for being **Champion of Change** by making a regular donation to the Asylum Seeker Resource Centre(ASRC). I would like to confirm that your monthly donation of **$711.50** was debited today and will continue from your credit card starting on **28/5/2026**.

Below are some examples of what the power of your ongoing support makes possible:

• Individuals and families without an income can put food on their table and keep a roof over their heads.

• People seeking asylum, who often don't have access to Medicare - can see a doctor or psychologist and get their immunisations and subsidised medicine.

• We can provide advice and training for people to enter into study and gain employment opportunities.

• People can get legal representation to obtain protection rights so they can remain in a safe country and build their lives here.

• We can advocate for people seeking asylum by lobbying the government for law reform that enables people to live freely in the community.

The safety, protection and needs of our people are at the centre of all we do. With you beside us, we are stronger than ever and better equipped to continue fighting to protect vulnerable individuals and families.

Please note that a tax deductible receipt will be sent to you at the end of the financial year. We will be in touch from time to time with opportunities to attend events or visit the centre. You can also keep up to date with our latest news by following us on Facebook, Instagram or Twitter.

If you have any questions about your donation or our work, please don't hesitate to call our friendly Supporter Care Team on 1300 692 772 or email fundraising@asrc.org.au.

Kind regards

James Rostedt
Regular Giving Coordinator

Dear Daniel,

Today, 58 Australians will be diagnosed with breast cancer. It’s news that will change their lives forever. But thanks to you, they have hope. Your gift of $ 496.70 brings hope for a better tomorrow by funding research to find the next big breast cancer breakthrough. By supporting world-class,

game-changing breast cancer research we can detect tumours earlier, improve treatment outcomes, and ultimately - save lives. Since NBCF began funding research in 1994, the five-year relative survival rate for breast cancer in Australia has increased from 76% to 92%. It's progress to be proud of. But the job's not done. Our uncompromising vision remains: Zero Deaths from breast cancer. So, we'll continue to invest in the very best research. And continue to make every one of your gifts count. Thank you for making a difference. Warm regards, **Dr Cleola Anderiesz**
Chief Executive Officer

AUSTRALIA

Dear Daniel,

Thank you so much for your gift of $579.74 in support of our mission to Protect Rainforests Forever.

Because of supporters like you we are able to achieve real conservation outcomes in our projects, which include:

- Protection of high conservation properties within the Daintree Rainforest under our Protect a Rainforest Project;
- Restoration of crucial habitat like Kurranji Bubu and NightWings under our Plant a Rainforest Project;
- Propagation of soon-to-be 150,000 biodiverse Daintree Rainforest trees in our Daintree Native Nursery; and
- Our growing programs in soil restoration and carbon sequestration monitoring.

Together we are doing real and meaningful work that is making a difference; something that we will all be able to look back on and feel both pride and accomplishment. Together we are strong.

And please do sign up for our online newsletter to stay in the loop with good rainforest news – these come out every couple of months so not a lot of emails and yet, lots of good news for you to enjoy and share. If you're on Facebook, Instagram, YouTube, LinkedIn or Twitter, please follow us and share our posts with your networks. Thanks! Many hands make lighter work – or in our case, more support means more excellent conservation outcomes for Nature…and our common future.

Daniel, we are extremely grateful for your support and for the interest you have shown in the work we do. Thank you for being a part of our mission to Protect Rainforests Forever.

It's excellent to have you on the team. For the rainforests,

Branden & the team at Rainforest Rescue

By supporting world-class, game-changing breast cancer research we can detect tumours earlier, improve treatment outcomes, and ultimately - save lives. Since NBCF began funding research in 1994, the five-year relative survival rate for breast cancer in Australia has increased from 76% to 92%. It's progress to be proud of. But the job's not done. Our uncompromising vision remains: Zero Deaths from breast cancer. So, we'll continue to invest in the very best research. And continue to make every one of your gifts count. Thank you for making a difference. Warm regards, **Dr Cleola Anderiesz**
Chief Executive Officer

Dear Daniel,

Thank you so much for your gift of $376.35 in support of our mission to Protect Rainforests Forever.

Because of supporters like you we are able to achieve real conservation outcomes in our projects, which include:

- Protection of high conservation properties within the Daintree Rainforest under our Protect a Rainforest Project;
- Restoration of crucial habitat like Kurranji Bubu and NightWings under our Plant a Rainforest Project;
- Propagation of soon-to-be 150,000 biodiverse Daintree Rainforest trees in our Daintree Native Nursery; and
- Our growing programs in soil restoration and carbon sequestration monitoring.

Together we are doing real and meaningful work that is making a difference; something that we will all be able to look back on and feel both pride and accomplishment. Together we are strong.

And please do sign up for our online newsletter to stay in the loop with good rainforest news – these come out every couple of months so not a lot of emails and yet, lots of good news for you to enjoy and share. If you're on Facebook, Instagram, YouTube, LinkedIn or Twitter, please follow us and share our posts with your networks. Thanks! Many hands make lighter work – or in our case, more support means more excellent conservation outcomes for Nature…and our common future.

Daniel, we are extremely grateful for your support and for the interest you have shown in the work we do. Thank you for being a part of our mission to Protect Rainforests Forever.

It's excellent to have you on the team. For the rainforests,

Branden & the team at Rainforest Rescue

Thank you for supporting the National Breast Cancer Foundation

Dear Daniel,

Today, 56 people in Australia will be diagnosed with breast cancer. It is news that will change their lives forever. But thanks to your generosity, they have hope.

Thanks to your gift of $ 328, researchers funded by the National Breast Cancer Foundation (NBCF) are working to prevent breast cancer through precision **prevention**, **detect** it earlier, **stop** its progression and recurrence and develop better **treatments** for hard-to-treat and metastatic breast cancers.

Since NBCF began in 1994, in large part due to research, the death rate from breast cancer in Australia has reduced by over 40%.

However, nine people still die from breast cancer every day. **Until that number is zero, our work is not done.**

Our vision remains uncompromising: **Zero Deaths from breast cancer.** That's why we will continue to invest in the very best research and ensure every one of your gifts makes a meaningful impact.

Thank you for helping create a better future for everyone affected by breast cancer.
